DETAILED ACTION

Response to Amendments and Arguments

1. The amendment received on 11/10/03 has been reviewed and considered with the following results:

As to the objection to the drawings, Applicant's revision of the drawings has overcome the objection, as such; the objection has been withdrawn.

As to the rejections to claims 1-7, under 35 U.S.C. 112, 1st paragraph, Applicant's amendments have overcome the rejections, as such; the rejections have been withdrawn.

In view of Applicant's amendments, Applicant's arguments with respect to the previous rejections have been considered and found persuasive. Since the claims now read over the prior art of record, the case is found to be in allowance condition.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest an integrated circuit, and a method of use thereof, comprising a synchronous circuit (2 instant Fig.1); an asynchronous circuit (3); an input register circuit (4); an output register circuit (5); and specifically the limitation directed to a sequence controller (6), the input register circuit storing data of the synchronous circuit for processing in the asynchronous circuit, the output register circuit storing data of the asynchronous circuit for further processing in the synchronous circuit, and sequence controller connected to the asynchronous circuit for generating the first control clock signal and the second

Art Unit: 2816

control clock signal in dependence on a duration required for the data to be processed in the asynchronous circuit.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hai L. Nguyen whose telephone number is 571-272-1747 and Right Fax number is 571-273-1747. The examiner can normally be reached on Monday-Thursday.
